

Humane Voters of Arizona Primary Election Voting Guide

Below are Humane Voters of Arizona (HVA) legislative candidate endorsements for the primary election. This voting guide may not include all candidates that support animal protection. Endorsements are based upon legislative voting records and candidate questionnaire responses. Please note that if a candidate does not respond to the questionnaire HVA is unable to make an endorsement.

Some legislative districts are not included because HVA either does not endorse any of the candidates or does not have information about the candidates.

Legislative voting records are given more weight than questionnaire responses. Please note that we only have legislative report cards for incumbents and former legislators. For more information check the legislative reports posted on this website.

Comments

Other candidates running in Senate LD 2 and 7, and House LD 15, 16, 17, and 27 did not respond to questionnaires.

In LD 28 House we endorse incumbent Steve Farley for his strong stance on animal protection. However both candidates Tim Sultan and Bruce Wheeler had excellent questionnaire responses.
